MFSI

Modern Factory For Steel Industries

MFSI Introduction

Due to the massive economic and industrial development in the kingdom of Saudi Arabia, Modern Factory for Steel Industries Co. Ltd. (MFSI) was established with the Rebar division to enhance the quality of service provided to contractors. The factory started operation in year 2003 (1424) in an area of more than 50.000 M² at the Second Industrial City, Dammam .

The elements of the factory's success were carefully put in place as follows:

1. Careful selection of well experienced work force .
2. Saudi Iron & Steel Co. "HADEED" (SABIC) is our main supplier for raw material.
3. The selection of state of the art machineries supplied by internationally well-known Manufacturers
4. The selection of the best consulting offices to construct the most optimized internal systems.

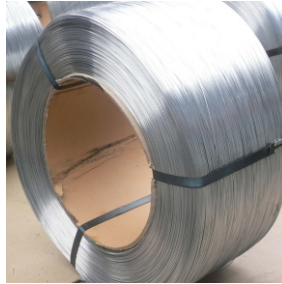

By accomplishing these elements of success, we believe, we have established a quality based Steel factory that is capable of providing a distinguished service to our clients.

* Approved with Limitation:

Rebar length: Min. N/A - Max. 12 meter

Rebar Diameter: Min. 8 mm - Max. 40 mm

This approval, however, should not be construed as a commitment by Saudi Aramco to purchase from you. Being approved as a manufacturer only grant your company the opportunity along with other approved sources to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All purchase agreements and orders will be issued based on the name and address stated in your commercial registration (CR), as stated above.

Saudi Aramco wishes to remind you that being recognized as a potential supplier is a privilege which carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged.

SRQU-111-16

Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any purchase agreements or orders which might be placed and to act responsibly and reliably as a supply chain supplier.

Please note that evidence of representation from your supply source(s) must be supported by letter (s) of confirmation stipulating the territorial coverage and specific product lines involved. Your supply sources must have been accepted as qualified suppliers of the range of materials that you wish to supply. It is also important that you advise us immediately of any changes in the agreements which you have negotiated with your supply sources and/or any changes in your contact information such as postal address, telephone, and fax numbers.

Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.
