INTRODUCTION

SERVING THE NATION WITH DISTINCTION

Modern Factory for Steel Industries (MFSI) was established in 2003 & it quickly became a leader in the building materials business, meeting the requirements of the construction companies and industrial sector in Saudi Arabia. The company has witnessed unhindered rapid growth by displaying the qualities of sincerity, honesty, reliability and responsibility.

Following the success story of MFSI, and in order to extend our services to our valuable customers in the construction & industrial sectors, other sister companies were established forming together the **Prime Source Group (PSG)** more than 1,000 well trained staff, highly efficient supply chain, effective quality management system, in addition to adopting strict values and principles. Enabled the group to keep its promise of delivering quality service & innovative products to its extended base of customers.

Because of this policy **Prime Source Group** name remains first and foremost in the client's mind at the time of seeking requirements of re-inforcing steel bars, re-inforcement fabrication, cement products, building materials, wood industries, industrial service and logistics.

FLEXIBLE SOLUTION FOR YOUR BUSINESS NEEDS

Prime Source Group is serving clients through its specialized Companies, namely:

- ➔ Modern Factory For Steel Industries.
(Rebar, Fencing, Welding Wire, Nails & Wire).
- ➔ Integrated Construction Trading Company.
- ➔ Eamar Cement Products Factory.
- ➔ Salaba Cement Products Factory.
- ➔ Prime Source Industrial Services.
- ➔ Hadarah Wood Industries.

The group's progress has been highly consistent and thereby contributing to the growth of Saudi Arabia economy.

Prime Source Group is proud of its share of contribution to the growth.

Prime Source Group people are always at hand to serve the clients with a spirit of partnership and utmost dedication to promote understanding for greater mutual benefits.

PRESIDENT'S MESSAGE

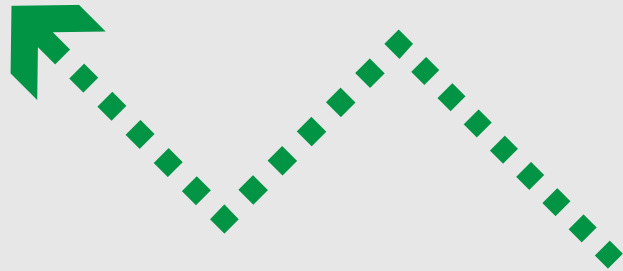

Khalid AL-Dukhayyil
President

Since its inception in 2003, and at the forefront of industry in Saudi Arabia, **Prime Source Group (PSG)** is today widely diversified in several growth industries that cover steel, cement products, wood industries, industrial services, fencing, engineering, automation, transportation and contracting. Consistently, the group has emerged as a market leader in fields they have ventured.

OUR VISION

Prime Source Group, will be recognized as the leader of it's industry in the middle east, and it is been considered as the prime customer choice and employer of choice.

MISSION STATEMENT

- To provide high quality products services and excellent customer view.
- To be the prime source for construction material and services for all construction industries and stake holders.
- To contribute to the development of the construction sector.

VALUES

1. **Quality.**

We have an obsessive commitment to quality and continual improvement.

2. **Commitment.**

We are dedicated to delivering quality and value our customers.

3. **Integrity.**

Take pride in everything that is fair, honest and knowledgeable and build trust in every situation

4. **Customer Focus.**

We care more and that what makes us unique.

5. **Teamwork.**

We achieve more by working as one hand.

→ Employees

→ Customers

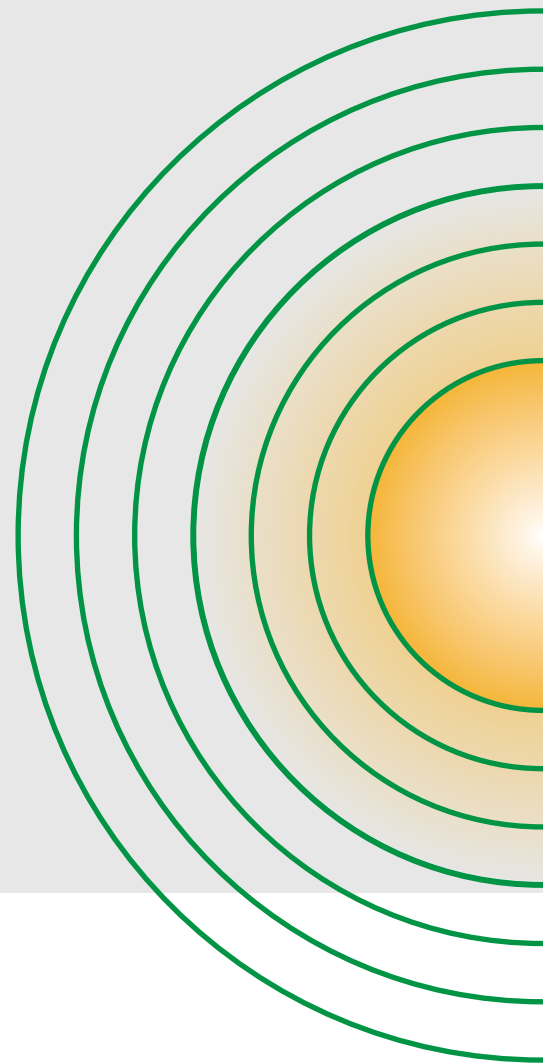

→ Suppliers

6. **Reliability.**

Our determination, discipline and sense of responsibility ensure our reliability and demonstrate that we are here to relay on.

7. **Innovation.**

Good is never enough, we seek for the best.

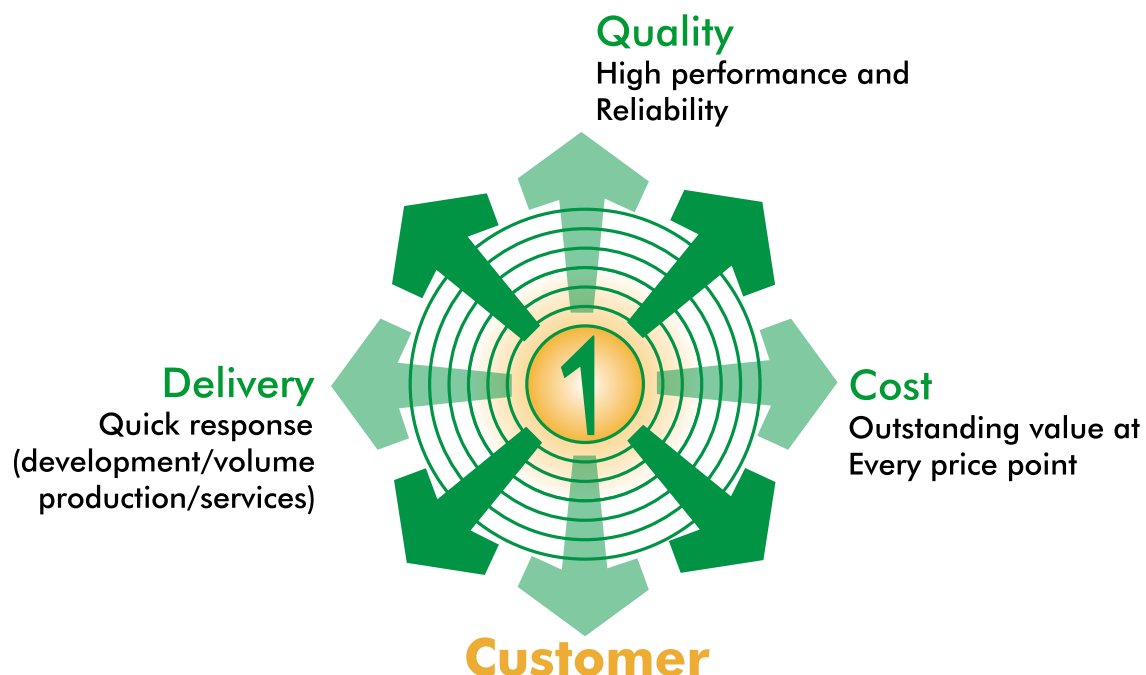

QUALITY POLICY

We, at **PSG**, aim to become one of the leaders in the industries that we operate in the Kingdom of Saudi Arabia, which will be achieved by :

- Providing products & services which conform to customer specifications.
- Delivering products & services on a timely basis.
- Supplying products & services with a competitive price without compromising quality.
- Enhancing customer communication.
- Providing proper training on the quality management system to all staff.
- Monitoring and measuring the performance of the quality management system and processes regularly and taking actions to continually improve the processes of the quality management system.

CUSTOMER'S SATISFACTION

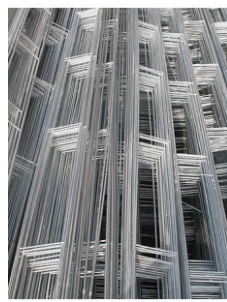

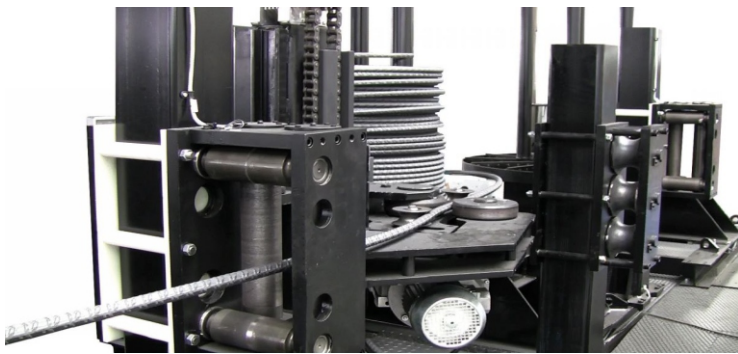

MFSI

Modern Factory For Steel Industries

MFSI Introduction

Due to the massive economic and industrial development in the kingdom of Saudi Arabia, Modern Factory for Steel Industries Co. Ltd. (MFSI) was established with the Rebar division to enhance the quality of service provided to contractors. The factory started operation in year 2003 (1424) in an area of more than 50.000 M² at the Second Industrial City, Dammam .

The elements of the factory's success were carefully put in place as follows:

1. Careful selection of well experienced work force .
2. Saudi Iron & Steel Co. "HADEED" (SABIC) is our main supplier for raw material.
3. The selection of state of the art machineries supplied by internationally well-known Manufacturers
4. The selection of the best consulting offices to construct the most optimized internal systems.

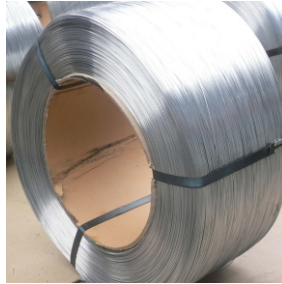

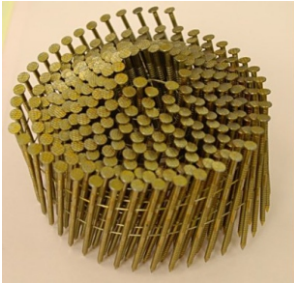

By accomplishing these elements of success, we believe, we have established a quality based Steel factory that is capable of providing a distinguished service to our clients.

M F S I

Introduction

Modern Factory For Steel Industries (MFSI), Is one of the leading manufacturer of steel products in Saudi Arabia

MFSI has the following divisions:

1. **MFSI** - Rebar Division
It produces Cut & Bend, Welded Wire Mesh, Epoxy Bars and Cold Rolled Straight Bars.
2. **MFSI** - Fencing and Mesh Division
It produces fence systems, Galv. & PVC Chain Link and Barbed Wire, Ladder Mesh Fine Welded Wire Mesh and Guard Rails.
3. **MFSI** - Welding Wire Division
It is specialized in producing high quality of MIG Welding Wire & Stick Welding Electrode.
4. **MFSI** - Nails Division
It is specialized in producing high quality nails, With various size and specs.
5. **MFSI** - Wires Division
It produces different types of wire including Galvanized Wire, PVC Wire, Black Wire, Annealed Wire, Baling Wire & Galvanized Tie Wire.

MFSI
STEEL INDUSTRIES

R E B A R Introduction

Rebar Division was the first element of PSG construction sector, built since 2003, with a space of more than 25,000 M2 and with the state of the art manufacturing equipments.

Products Category:

This division covers the following products categories:

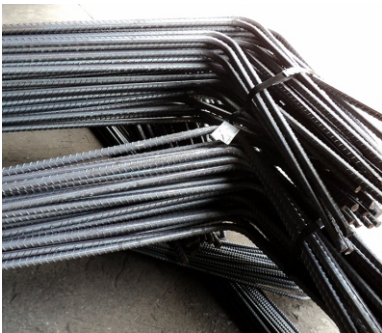

- ➔ Cut & Bend.
- ➔ Welded Wire Mesh.
- ➔ Epoxy Straight Bars.
- ➔ Cold & Hot Rolled Straight Bars.

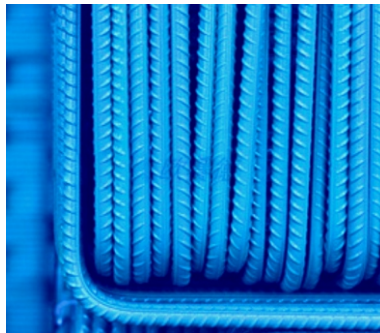

MFSI
STEEL INDUSTRIES

R E B A R

CUT & BEND Section

BLACK

EPOXY

SPIRAL

The Cut & Bend Section is equipped with the state of art machineries, and highly skilled crew leads to save contractors time and cost of processing fabricated steel for projects.

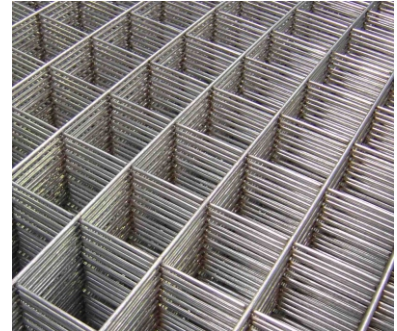

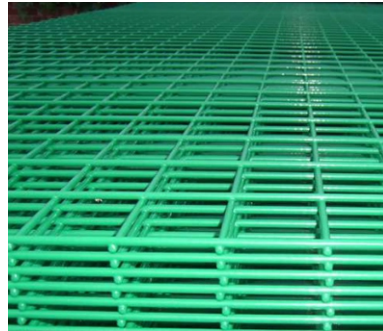

Cut & Bend division has the following advantages :

1. Reduce the cost by reducing steel wastage using highly optimization program.
2. Reduce the cost of projects manpower.
3. Highest precision in executing required products and as per international Standards.
4. Ability to produce customer requirements within limited period of time.
5. Ability to prepare B.B.S.

We established an engineering office to maintain production quality and save customers' time and effort.

Wire Sizes	:	6 mm - 32 mm
Spiral & Rings	:	6 mm - 16 mm
Production Capacity	:	3500 Tons / Month.

WELDED WIRE MESH

Reinforcement welded wire mesh section was established with state of the art high technology machineries, to guarantee high quality products as per international standards.

The mesh sizes that can be produced are as follows;

Wire Size	:	4 mm - 12 mm
Sheet Size	:	Max. 2.5 Mtr X 6.0 Mtr
Pitch	:	100 mm - 250 mm
Standards	:	B.S 4483, DIN 488 and ASTM A497, ASTM A1064
Production Capacity	:	2000 Tons / Month.

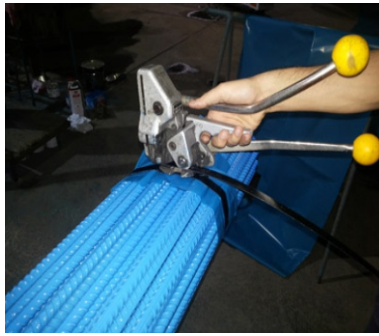

FUSION BONDED EPOXY COATED WIRE MESH:

Standard	:	As per ASTM A885
Coating Thickness	:	180 - 220 Microns

GALVANIZING WIRE MESH:

Standard	:	As per ASTM A767
Coating Thickness	:	130 - 150 Microns

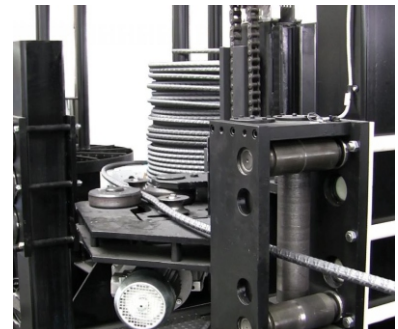

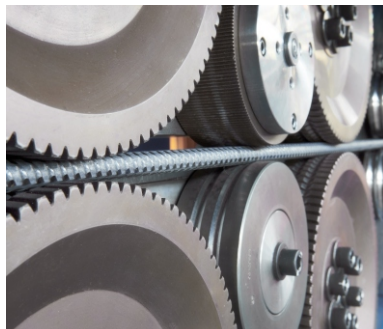

EPOXY STRAIGHT BAR

Size : 8 mm - 32 mm
Production Capacity : 2500 Tons / Month.

COLD & HOT ROLLED STRAIGHT BARS

Straightening & Cutting section that is intended to provide high quality straightened bar out of all sorts of coil.

COLD ROLLING

We are specialized in the supply of high quality Cold Rolled Wire Products, which has extensive applications in industries. Further, our products are customized as per the requirements of our clients in the industry. and readily available.

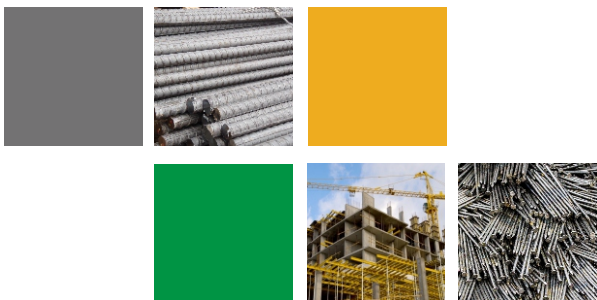

Size	:	5.5 mm - 14 mm Inlet
	:	3.5 mm - 12 mm Outlet
Product	:	Coil or Spools
Production Capacity	:	10,000 Tons / Month.

SRQU-111-16

MR. ALI ABUDARI

MODERN FACTORY FOR STEEL INDUSTRIES CO. LTD.

P. O. Box 69136
DAMMAM 31547
SAUDI ARABIA
Tel: 013-8123344
Fax: 013-8124359

Mr. Ali,

We are pleased to inform you that your company is now included in the Saudi Aramco Supplier Information System, under Vendor no. 10035813 and Plant no. 30007696, for the following products, provided your company continues to meet relevant Saudi Arabian and Saudi Aramco standards:

9COM	Description
6000000697	BAR; ROUND
6000000701	MESH
*6000000684	BAR; REINFORCING; COATED; EPOXY;

* Approved with Limitation:

Rebar length: Min. N/A - Max. 12 meter

Rebar Diameter: Min. 8 mm - Max. 40 mm

This approval, however, should not be construed as a commitment by Saudi Aramco to purchase from you. Being approved as a manufacturer only grant your company the opportunity along with other approved sources to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All purchase agreements and orders will be issued based on the name and address stated in your commercial registration (CR), as stated above.

Saudi Aramco wishes to remind you that being recognized as a potential supplier is a privilege which carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged.

SRQU-111-16

Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any purchase agreements or orders which might be placed and to act responsibly and reliably as a supply chain supplier.

Please note that evidence of representation from your supply source(s) must be supported by letter (s) of confirmation stipulating the territorial coverage and specific product lines involved. Your supply sources must have been accepted as qualified suppliers of the range of materials that you wish to supply. It is also important that you advise us immediately of any changes in the agreements which you have negotiated with your supply sources and/or any changes in your contact information such as postal address, telephone, and fax numbers.

Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance, please contact Redha M. Bukhamsin on 013-8741464.

 11/9/2016
Ali S. Al-Ruzaigi, Supervisor
Supplier Relations & Qualification Unit

It is the responsibility of the supplier to notify Saudi Aramco Supplier Relations Management Unit of the following:

1. Change of Name/ Address/ Owner(s)
2. Any change of the supplier location (sub sourcing fabrication of major components)
3. Discontinue of fabrication or supply of approved commodities (9COMs, 9CATS and/or MSGs)

المحترمين

السادة / شركة المصنع الحديث للصناعات الحديدية المحدودة
(ص ب ٦٩١٣٦ الدمام ٣١٥٤٧)

السلام عليكم ورحمة الله وبركاته ...

إشارة إلى خطابكم رقم بدون وتاريخ ١٤٣٩/١٢/١٥ هـ والمورد للوزارة برقم ١٣٠٩ وتاريخ ١٤٤٠/١/١٧ هـ بخصوص طلب اعتماد مصنعكم بمدينة الدمام لإنتاج المنتجات التالية:

المنتج	الشركة المصنعة
١	نظام شبك الأسوار الشبكي
٢	نظام شبك الطرق السريعة
٣	المراتب/الصناديق الترابية
٤	شبك حماية تساقط الصخور

نفيدكم بأنه بعد قيام المختصين لدينا بزيارة مصنعكم وتفقد خطوط الإنتاج وأخذ عينات وإجراء الفحوصات اللازمة على المواد أعلاه تبين فقط مطابقة الآتي:

المنتج	النتيجة
نظام شبك الأسوار الشبكي	مطابقة للمواصفات <input checked="" type="checkbox"/>
نظام شبك الطرق السريعة	مطابقة للمواصفات <input checked="" type="checkbox"/>
المراتب/الصناديق الترابية	مطابقة للمواصفات <input checked="" type="checkbox"/>
شبك حماية تساقط الصخور	مطابقة للمواصفات <input checked="" type="checkbox"/>

لذا لا مانع من استخدام منتجكم المطابق للمواصفات في مشاريع الوزارة ولمدة سنتين من تاريخ خطابنا هذا ، علما أنه ستكون هناك زيارات دورية لضمان استمرار الجودة.
ولكم تحياتنا ...

مدير مركز الابتكار والجودة والبيئة
